

College Park Quarterly Meeting

October 18-20, 2019

SIERRA FRIENDS CENTER 13075 Woolman Lane, Nevada City, CA 95959

Living Together on This Earth

Our Advices and Queries on *Harmony with Creation* ask us to consider how we are living within the interconnectedness of all species, in interdependence with all life on earth. We are invited to reflect on how our actions cause damage already felt by vulnerable systems and populations. Many Friends feel a sense of urgency. How might we support one another to live more responsibly—in right relationship with one another and life on our planet? Are we called to do more? How do we prepare and nurture ourselves spiritually, individually and in community, so that we can sustain our efforts to meet the challenges of climate disruption? How can we, as Quakers, bring a loving witness, responding to the needs of all living beings, helping to calm fears, and mitigate injustices? Join us to hear from Friends who are called to address this multi-faceted concern through different approaches. There will be plenary talks, interest groups, and worship sharing to help you discern how you might be called to respond.

SCHEDULE

FRIDAY 4 – 10 pm:

Registration, dinner, worship, singing
